

NE Tracks LLEN connects students, schools and families with diverse Work Based Learning options and opportunities as students develop career pathways and explore the world of work.

NE Tracks LLEN delivers the School to Work Program (STW) for Secondary Schools through the Benalla, Wangaratta and Mansfield local government areas. We connect schools and industry to create work-based learning opportunities that meet the needs of local students and employers.

Our Purpose

Improve education, training, and employment outcomes for young people with a priority on those facing disadvantage by connecting schools, students, and local industry through high-quality work-based learning that builds skills, supports informed career choices, and strengthens sustainable school-to-work pathways.

Connect with us today!

Student Work Readiness Activities

- Mock interviews
- Resume building

Work Based learning (WBL)

Work-Based Learning gives students the opportunity to experience real workplaces and industries, helping them build practical skills, workplace knowledge, and explore career pathways through hands-on learning. These activities are part of the School to Work Program, a Department of Education initiative delivered through LLENs, supporting students in Years 7–12 to make successful transitions from school to further education, training, and employment.

Work Based Learning includes:

- Work Experience (WEx)
- Structured Workplace Learning (SWL)
- School-Based Apprenticeships and Traineeships (SBATs)
- Vocational Education and Training (VET) programs

Benefits for Young People

- Increased opportunities for Year 7–12 students to gain work-based learning experience
- Real insight into workplaces and employer expectations
- Supervised, hands-on learning with industry mentors
- Skills and outcomes assessed in real work settings

Benefits for Industry

- Shape the future workforce in your community
- Shape programs to meet local workforce needs
- Share insights about your industry, career paths, and opportunities
- Influence future skills development and training focus
- Identify and attract young talent with potential
